COVID-19 INFORMATION

COVID-19 ALBERTA HEALTH DAILY CHECKLIST (FOR CHILDREN UNDER 18)

Overview

This checklist applies for all children, as well as all students who attend kindergarten through Grade 12, including high school students over 18. Children should be screened every day by completing this checklist before going to school, childcare or other activities. Children may need a parent or guardian to assist them to complete this screening tool.

If your child has traveled outside Canada in the last 14 days, follow the <u>Government of Canada Travel, Testing,</u> <u>Quarantine and Borders</u> instructions, including any requirements for exempt travelers related to attending high-risk environments.

If within the last 10 days, your child has been notified by Public Health that they are a case³ of COVID-19, they are required to isolate as per Public Health instructions.

Screening Questions for Children under 18:

1.	Has your child been a household contact of a case ² of COVID-19 in the	YES	NO
	last 14 days?		
	A household contact: a person who lives in the same residence as the case OR who		
	has been in frequent, long-duration, close-range interaction with a case of COVID-19.		
	For example, siblings, someone who slept over, or someone who provided direct		
	physical care to the child.		
If the	answer is "YES" AND they are NOT fully immunized ⁴ :		
• Ch	nild should stay home and NOT attend school, childcare and/or other activities for 14 days fi	om the	last day
of	exposure and monitor for symptoms. If your child has symptoms, proceed to question 2.		
If the	answer is "NO" to question 1, proceed to question 2		
2.	Does the child have any new onset (or worsening) of the following core syr	nptom	s:
		_	
	Fever	YES	NO
	Temperature of 38 degrees Celsius or higher		
	Cough	YES	NO
	Continuous, more than usual, not related to other known causes or conditions such as		
	asthma		
	Shortness of breath	YES	NO
	Continuous, unable to breathe deeply, not related to other known causes or conditions		
	such as asthma		
	Loss of sense of smell or taste	YES	NO
	Not related to other known causes or conditions like allergies or neurological disorders		
If the	answer is "YES" to any symptom in question 2:		
	e child is required to isolate for 10 days from onset of symptoms as per the current CMOH	Order O	R
rea	ceive a negative COVID-19 test and feel better before returning to activities.		
• Us	e the AHS Online Assessment Tool or call Health Link 811 to arrange for testing and to receir	ve additi	onal
inf	ormation on isolation.		
If the	answer is "NO" to all of the symptoms in question 2, proceed to question 3.		

Alberta 🛛

³ A lab-confirmed case OR a probable case as defined in the <u>Alberta COVID-19 Notifiable Disease Guideline</u>

⁴ A person who has received the complete vaccine series for COVID-19 and it has been 14 days after the second dose in a two dose series

	Chills	YES	NO
